

AUSTRIA

for Jesus

OCTOBER 2009

bread of life bible fellowship

These days should be remembered...

Dear Team,

Following God is an adventure! You just never know what is around the corner. Monika and I have spent this weekend reflecting on our lives the past twenty-five years together. That's right; twenty-five years seemed to have just flashed by. We started off with a humble little wedding ceremony. Just a pastor out of the phone book and his wife were present as we pledged our life-long love and devotion to one another. We had no home or earthly possessions, but what we did have was a love for Jesus and a passion to follow Him wherever He would lead us. (What a winning combination that turned out to be.)

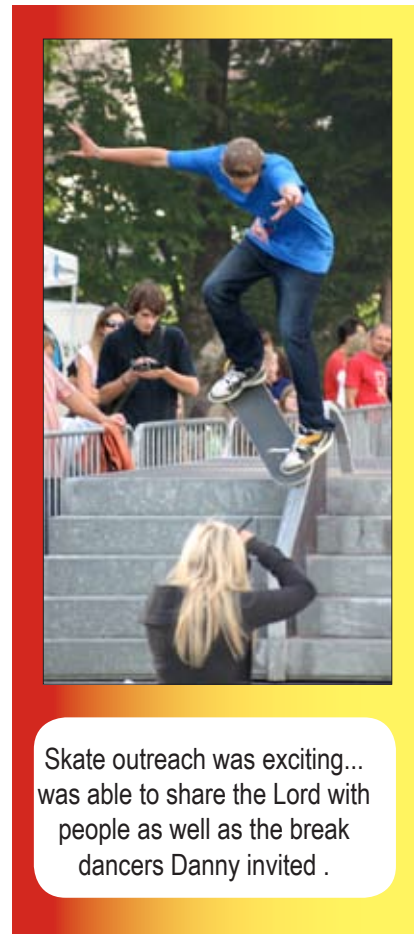

We found Horizon Christian Fellowship where, we faithfully attended and served every Sunday for twelve years. We attended every class that could help us learn about God and live closer to Him. Monika attended the School of Evangelism, because she wanted to learn how to express her faith to others, and I was educated in the area of discipleship. Eventually we felt God calling us out to serve Him in a new

work at Mission Valley Christian Fellowship, where I would eventually be asked to pastor for four of the eight years we faithfully served there.

All during that time, God was doing a work in our family which Monika and I could not see. Today, as we look back, it seems so obvious. God was using us to reveal His presence, love, faithfulness, and power to our three beautiful children. Twenty-five years have come and gone, but a story has been lived and told; a picture has been painted for the world to see. We are God's workmanship; HIS master piece. God has used each of you in special ways to work good into our lives. We thank God for each of you. You have a story as well, and we are praying that you will sing your songs, live out your stories and tell the world of God's greatness.

Sincerely,

Robert & Monika

Skate outreach was exciting... was able to share the Lord with people as well as the break dancers Danny invited .

SBUX FELLOWSHIP

SBUX is a Bible study group Danny started two years ago. He and two other guys, Nate & Grant, are serving about 30 college aged kids. They are also reaching out to younger school kids through their soccer skills. The Holy Spirit is giving them favor with the youth.

PARK SOCCER OUTREACH to inner-city kids

NATE & GRANT at Monika's school

Please pray for visas & support for Nate & Grant & a place where we can all meet to worship God and study His Word.

SKATE OUTREACH STORY

One evening, some of the outreach team went to eat at McDonalds and met two German guys traveling back from vacationing in Croatia. They asked what was going on in town. The team told them about the skate outreach and asked if they wanted to stay the night with them. They were delighted at the offer.

The next morning the German guys woke up to about fifty kids laughing and having fun before a big breakfast, devotion, and prayer. It was interesting to watch the expression on their faces as they tried to comprehend so much love and joy in the room. Clearly they had never experienced this before. They heard the Gospel and experienced God's Spirit at work.
