JULY 2013

bread of life bible fellowship

for Jesus

Dear TEAM,

Another school year has come to a close and Monika is looking forward to the break. She has decided to no longer teach continuing education seminars to educators in order to dedicate time to the E-Club project. We have been praying every other Friday for the new outreach to Austrian families through teaching children English. Dina and Manuela have joined the team and enrolled into a teaching academy by faith to become teachers.

Robert & Monika 2013

One of Monika's classes with a Father's day craft proudly in hand.

A little girl embarrassingly announced that she didn't have a father to give the Father's Day present to. A classmate came to her rescue and reminded the little girl that she had an uncle, and he could be her father. The simple idea brought new hope for the little girl. No wonder Jesus told HIS disciples that they must become like little children. They are quick to love and help each other.

hardly wait to hear the results of the English test which she needed to pass in order to get into the three year Kindergarten training program. Melanie has been cutting our hair for the past four years or so when she developed an allergy to hair products. She needed to change professions and had always dreamed of working with children. I remember the first time speaking to her in English while she snipped away at my receding frock. She could only stare at me through eyes of bewilderment immediately revealing the great gulf between our languages. After months of working together it was time to take the test. We told her we were praying for a miracle and she said, "God has more important things to do than to help me. Monika and I explained from the Bible HIS desire for a personal relationship with her, and that HE cares about every aspect of her life... even the test. Her first words of the call? "I got a miracle," she exclaimed with unbridled joy.

The call we had been anticipating finally came. It was Melanie's voice. We could

MEET the ROBEYs

We were asked by one of Danny’s friends if Dave and Bev could stay with us for a few days before traveling on to attend a wedding. Monika and I were just wanting to help the young man when we agreed to host them. Little did we know the wonderful and refreshing fellowship God had in store for us. We had fun sharing stories of our experiences with God. I escorted them to a meeting where David had been asked to speak, and discovered his great sense of humor. I admire guys that are almost as funny as me.

After learning that Monika had dreamed of riding in a horse drawn carriage as a little girl and that neither of us had been chauffeured through the city over the few remaining cobblestone streets by an authentic Viennese driver, the Robey’s jumped at the chance to bless us.

Good News from far away is like cold water to the thirsty.

CONGRATULATIONS Omi & Opa

65 years of marriage

Each week Monika and I visit her parents who turned 90 this year. They still live at home and enjoy hearing about Danny, Anne and David. In a few weeks Anne, her husband, and his parents will be visiting us and attending a celebration to honor of these very special people.

GOSPEL of JOHN: Finished

This was a powerful study of an eyewitness testimony of Jesus Christ. John spent three years watching what Jesus did and listening to what HE said. He was convinced that Jesus was sent by GOD to save us from our sins and bring us back into a relationship with our Creator. His purpose for writing was so that everyone could believe in Jesus and have eternal life.

BOOK of ACTS: Start

We will now study the results that occurred with those who believed Jesus, received the gift of the Holy Spirit, and dared to obey HIS teaching.

That work, started by God, continues to this very day.

PLEASE REMEMBER US WHEN YOU PRAY.

• health • direction • wisdom • opportunities to share the Gospel

"Nothing lies beyond the reach of prayer except that which lies outside the will of God."
